

John Wojnicki and his wife Laura will be married 45 years this August. They have 4 grown children who are all married and have given John and Laura 13 grandchildren.

John is the former Chairman of Christian Family Schools a network of 14 countywide support groups of over 650 Private Christian Homeschool Families in San Diego.

He is a teaching Elder at Emmanuel Faith Community Church in Escondido, Ca and President of an Adult Fellowship group there. He is a regular seminar, camp and retreat communicator to families and students on the purpose and intentionality of the life we live through faith in Christ.

He is an avid sports enthusiast and ice hockey is his favorite sport. He has had the joy of playing on a team with his 3 sons and his oldest grandson. Three generations of the Wojnicki family playing together has been a wonderful experience for them all.

John is able to share from over 40 years of experience working with all ages around the world on the truth of God's Word and its practical application in our lives. He is fond of saying, "It is good to know what the bible says, it is even better to know what it means".

As an avid story teller, he uses every day experiences common to all in bringing to light biblical principles that resonate with both children and adults. He is an "interactive participatory" teacher who invites the audience to learn together. Attend a John Wojnicki session and you will be creatively moved to consider what God's Word says you should be doing with the life He has given you!

You will find his sessions leading you from laughter into spiritual consideration for the life God intends for each of us. You will be encouraged in your faith, exhorted to excel still more and excited once again by the good news of the Gospel. John shares with clarity and confidence who we are and what we have by faith in Christ!!
